

Sula's Hearts!

You will need...

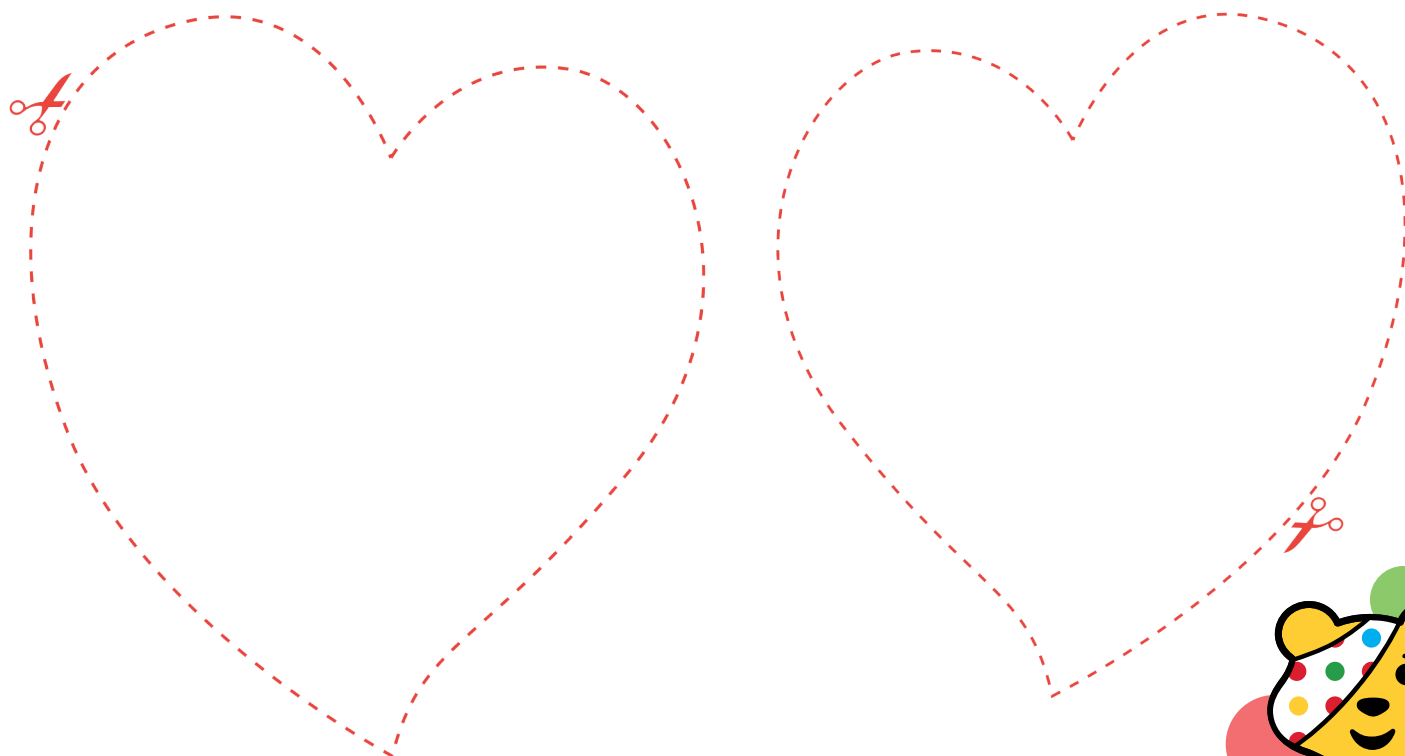

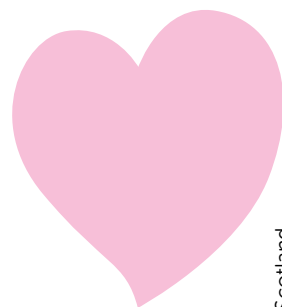

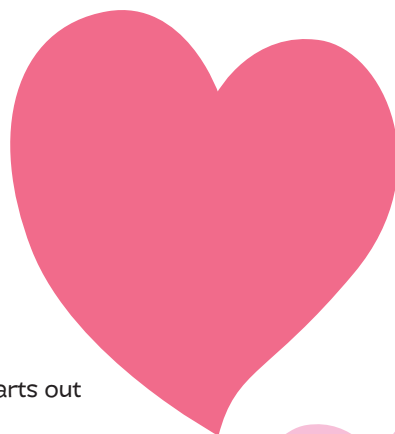

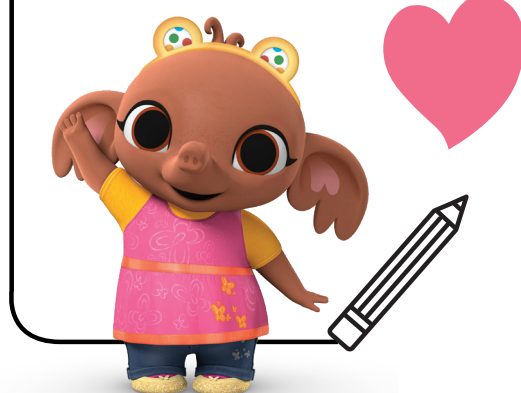

- ♥ Pens, pencils, paints, stickers, or whatever your Bingsters love to decorate with!
- ♥ Scissors

As Bingsters vary in age and ability, we'd like to point out some safety considerations. It's great to get your Bingsters involved in making Sula's Hearts and we encourage that, but please do use caution and your own good judgement about which steps your Bingster can safely be involved in. We recommend that you cut the heart shapes out yourself. Please don't leave your Bingster unsupervised with the scissors.

Instructions...

To make your very own Sula's Hearts:

1. Print off the sheet for your Bingsters to decorate the heart templates.
2. Once they're decorated and left to dry if necessary, grown-ups should cut the hearts out following the dotted line.
3. TA DA! Now they're finished and your Bingsters can place their hearts on to their favourite things.
4. We'd love to see your Sula heart photos. You can share them with us via facebook.com/bingbunny.

Sula's Sparkle Magic Wand!

You will need...

- ★ Our star shaped template
- ★ Enough cardboard to cut two complete stars
- ★ Scissors
- ★ Glue (or 'goo' as Bing would call it!)
- ★ A rolled up piece of A4 paper (or a straw works well too)
- ★ Tin foil, glitter, sparkly bits, stickers, pens, or whatever your Bingsters love to decorate with!

As Bingsters vary in age and ability, we'd like to point out some safety considerations. It's great to get your Bingsters involved in making Sula's Sparkle Magic Wand and we encourage that, but please do use caution and your own good judgement about which steps your Bingster can safely be involved in. We recommend that you cut the star shapes out yourself. Please don't leave your Bingster unsupervised with the scissors or glue.

Instructions...

To make your very own Sula's Sparkle Magic Wand:

1. Cut out the star-shaped template we have given you.
2. Use the template to draw around and cut out two stars from the cardboard.
3. Roll up your A4 piece of paper diagonally and secure in place with glue. Be careful that your Bingster doesn't use too much glue, they will only need a little bit!
4. Take one of the stars, and stick the end of the rolled up paper onto the middle with some glue.
5. Glue around the edge of the second star and stick the two stars together.
6. Allow enough time to let them dry.
7. The wand is ready for your Bingster to decorate any way they like! You can wrap the whole wand in tin foil and then start decorating, or you may decide to not add any tin foil and decorate straight onto the cardboard. We know that it will look fabulous whatever they do.
8. Ta-daa! The wand is now ready to be used by your Bingster to turn you into a frog, a tree or whatever their imaginative heart's desire.
9. We'd love to see your magic sparkle wand photos. You can share them with us via facebook.com/bingbunny
