BBC CHILDREN IN NEED

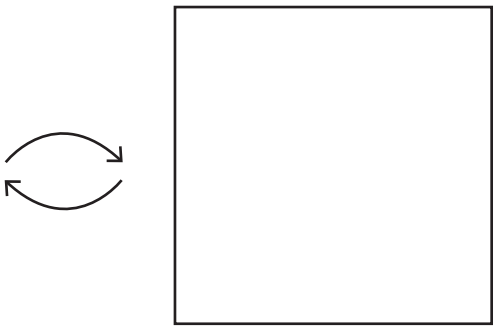

FUNDRAISING FORTUNE TELLER

Follow the instructions below to make your own fundraising fortune teller.

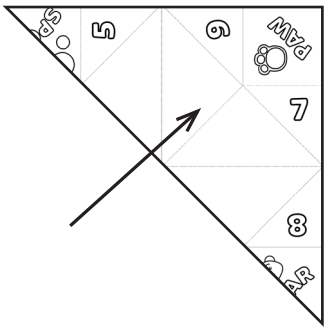

Once folded, add your own fun challenges to each section. This could be a challenge to do 26 star jumps, 26 hops or name 26 things that are yellow. Don't fancy setting challenges? You could add acts of kindness to each section instead to make your friends smile on each go.

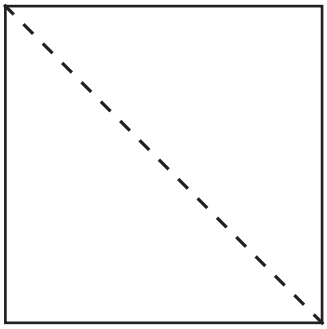

1 Start with your Pudsey Fortune Teller Square.

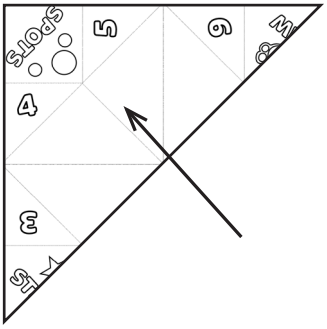

2 Turn the square over.

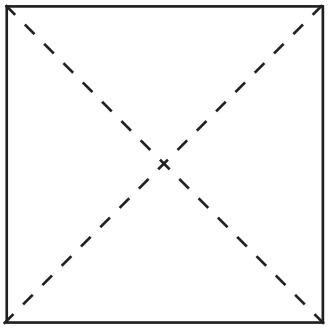

3 Fold the page in half, corner to corner to make a triangle.

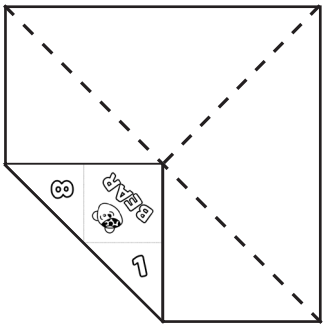

4 Unfold it.

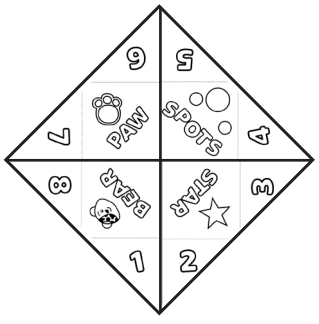

5 Fold the page in half the other way.

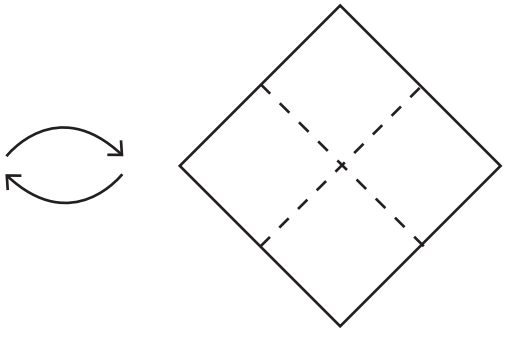

6 Unfold it again.

7 Fold each corner in to the centre.

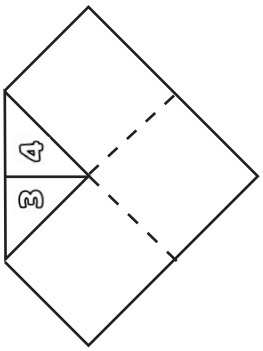

8 Once you have folded all corners in, it should look like this.

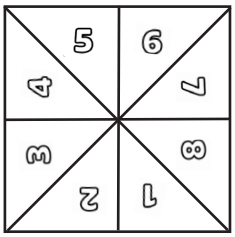

9 Turn it over.

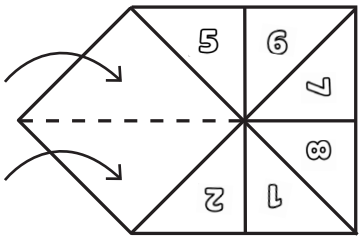

© BBC 2022 Reg. charity England & Wales no. 802052 and Scotland no. SC039557.

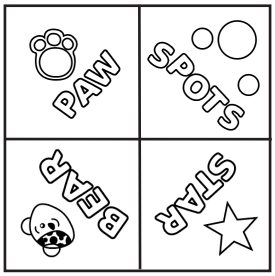

10 Fold each corner in to the centre again.

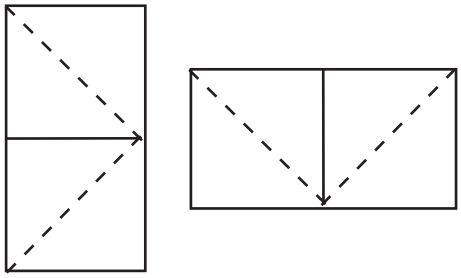

11 Once you have folded all corners in, it should look like this.

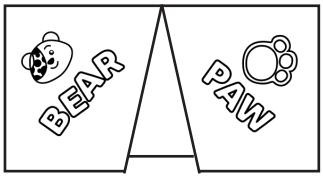

12 Open each side out and write your own challenge or kind comment on each section.

13 Turn the square back over and colour in your fortune teller

14 Fold it in half, unfold and then fold it half the other way.

15 Put your fingers underneath the four corners to push out the corners.

It's ready!

Your fortune teller is ready for you to challenge your friends to fun mini challenges
